## Disclaimer

This plan was developed based on currently available information from the Maine State Center for Disease Control (CDC), the United States CDC, the United States Department of Health and Human Services, and the United Nations World Health Organization (WHO). Ongoing situational developments and research may, and probably will, change these recommendations frequently.

This plan is intended to be used as a fluid and flexible guideline for dealing with the problems associated with a Pandemic Influenza outbreak in our home area, and not as strict policy and procedure. Please keep this in mind when applying these recommendations.

Thank you.
